3:30pm is Last Call

"Last Call" is 3:30 pm. You must call or check in when done using your boat. If you are using your boat on the next consecutive day, you must let us know by 3:30pm (or call by 9:00am the next day if you come back after hours) so the boat is not hauled out of the water. Boats are only handled ONCE per day, and will NOT be re-launched.

Remember, courtesy and communication are what make this system work!
